## BEERS ON TAP

**LEGITIMATE INDUSTRIES**

This microbrewery has entrusted Red's with these three beers.

LegitimateWorldwide.com

### Tax Evasion Pils 4.4%

1 pint 4.30 / 3 pint jug 12.50  
4 pint jug 16.50

This smirking, crisp, German-style lager is chortling all the way to the offshore bank. It's a deliciously selfish swine that knows he's getting away with a murderously refreshing brew. An utter citrus, floral bastard.

### Election Fraud Session IPA 4.0%

1 pint 4.95 / 3 pint jug 14.30  
4 pint jug 18.50

Vote for change. Vote for a tropical blend of Juicy, Fruity American hops. Hell, it's a democracy, vote for whatever you like. But with its full flavoured, refreshing finish this sessionable IPA has had it rigged from the start.

### Identity Theft American Pale Ale 5.3%

1 pint 5.10 / 3 pint jug 14.50  
4 pint jug 19.00

Identity Theft knows you better than your nearest and dearest. He worked out that feeble password faster than you can say 'skimmed card'. An opportunistic menace, with a punchy blend of Northern and Southern Hemisphere hops.
